City Happenings and Personal Mention.

Miss Gracie Hall is the guest of Mrs. H. A. Davis.

The governor's Thanksgiving proclamation is certainly brief.

Patrick McGraw of Stokes Landing was a visitor in the city this week.

H. M. Fennside is spending the week in Madison with relatives and friends.

S. J. Saunders a well known citizen of Welaka was a visitor in the city yesterday.

The infant son of Mr. and Mrs. Maurice Lamont has been quite ill with pneumonia.

F. J. O'Hara the Jacksonville capitalist and timber operator was in the city yesterday.

Judge M. I. Cox is again quite well and attending regularly to his duties as county judge.

Mrs. Martin Griffin, now residing in Jacksonville, has been a visitor in the city this week.

Rev. Father Barry went to Crescent City on Monday to hold service in the Catholic church at that place.

J. L. Wilkinson won the \$3 prize at the clock unveiling at M. S. Brown's clothing store last Tuesday night.

L. C. Turner and sister, Miss Turner, of the popular Turner Home, Crescent City, were in the city on business yesterday.

Richard F. Adams left on Wednesday for Waynesville, N. C., at which place Mrs. Adams has been staying for some time.

R. Raymond Price of Jacksonville visited his old home here on Monday for a few hours, on business matters strictly.

Robert L. Ragin of Clifton, was a visitor in the city Wednesday, being en route to the Indian River, after a short visit in Pomona.

Albert T. Stephens after a visit of some time with his father, Hon. L. C. Stephens, left on Wednesday for his new home, Havre, Montana.

Sheriff Kernerly has been spending the week with friends on a hunting trip in St. Johns county, and Deputy Sheriff Hagan has been in charge of the sheriff's office.

Gust Grudner, one of the new settlers from the north who is helping to develop the great farming colony at St. Johns Park, was a visitor in the city Tuesday.

Palatka people are not yet excited over the senatorship. Dr. Estes is about the only politician who has declared himself. He is for John N. C. Stockton.

Arthur R. Cartmel of Jacksonville, for many years a resident of this city, spent a few days with us this week. He did not fail to notice the great improvements in the city.

Remember the bread and cake sale to be held by the Ladies Aid Society of the Baptist church at Wm Turnage's store tomorrow, Saturday, Nov. 19th. Sale begins at 1 o'clock p. m.

The state board of pardons has denied the petition of Luke Breddon, convicted of murder in the first degree and sentenced to life imprisonment. Breddon was convicted at the spring term of the circuit court in this county in 1908.

That is a very tempting display of Thanksgiving table supplies the Gay Bros. are showing in their window. But the half has not been told. The interior of the store shows the other and untold part.

Palatka and Putnam county are now making the most substantial growth of any county or city in the state. There isn't a room to rent on Lemon street, nor a vacant house in the city. The county districts are filling up with new settlers.

Mrs. Dr. Thos. P. Welch and daughter, Mary Elizabeth, and Mrs. J. B. Logan, of Nicholasville, Ky., are spending a few days here with the family of Dr. Geo. E. Welch. They are on their way to St. Petersburg, where they will spend the winter.

J. H. Wylie of Interlachen has been awarded a contract to build a road and surface road from the Palatka city limits to the Emerson road, and from the north end of the Emerson road toward Bannerville at \$1,650 per mile. Don't know how many miles.

Mrs. M. S. Brown and Mrs. Peter Gardner represented the Palatka Women's club at the State Federation meeting in Ocala this week. Mrs. S. J. Hill, being one of the officers of the State Federation, was also in attendance in her official capacity.

A Moving Picture entertainment will be given at the Wonderland Theater, Wednesday night, Nov. 23rd, for the benefit of the Sisters of St. Joseph. All are solicited to contribute to making the affair a success. Admission for adults 10c; for children 5c.

The editor of the News is getting a good many whiskey circulars from Jacksonville since the election. Presume these dealers feel that a plugger for prohibition who has been sat down on good and hard is perfectly justified in going on a "raze" and forgetting his troubles.

B. A. Deal, auditor of the Florida East Coast R'y Extension, spent a few hours in the city Wednesday, leaving that night for Valdosta, Chattahoochee, Charleston, Philadelphia and New York on a month's absence. His brief visit here afforded much pleasure to his old friends. Mrs. Deal is still in Virginia and will probably return with Mr. Deal next month.

Drs. Geo. C. and R. H. Calhoun of Crescent City who were unavoidably prevented from meeting with the State Medical Examiners last week, have been in the city this week taking a special examination before Dr. E. W. Warren of the state board. The Doctors Calhoun came to Florida last summer from Georgia and have a big practice now in the orange growing town.

To Advertise Palatka
The city council, at its meeting last Tuesday night, decided to spend \$500 real dollars to advertise Palatka. A committee was appointed to devise best method and to wait upon the board of county commissioners with the view of making it a joint city and county affair. The committee is composed of J. V. Walton, F. H. Wilson and Mayor Howell A. Davis.

It is probable that the committee will get up an attractive illustrated folder. The scheme is a good one. Board of Trade is father of it.

To Select Postoffice Site.

M. O. Van Horton of the Bureau of Architecture in the United States Treasury Department at Washington spent Monday in Palatka.

Mr. Van Horton came to look over the various sites which have been tendered the government for the erection of a new government building in this city. There are several tenders—some 8 or 10 of them.

In company with Postmaster Kirby, Mr. Van Horton saw them all. Several of them he dismissed as impracticable. Others he examined critically, but let nothing fall which would indicate any preference, except to say that he thought the Griffin lot was the most suitable, but—

Mr. Van Horton will make his report to the department and no one in Palatka will know which lot he favors until the report is made.

Perhaps he was influenced some. At any rate, he saw some of our leading business men, and they may have sought to influence him in favor of certain property. Only natural.

'Tis another step in the march for Palatka's new government building. Congress has made an appropriation of \$65,000 for a Palatka building. When the site has been agreed upon it ought not to be so very long before excavation is made for the foundations. But it may be sometime.

The government is slow.

An Incident of the Eclipse.

Near the city hall Wednesday evening two colored women happened to look at the moon in eclipse. The sight brought them to a sudden stop.

"Look at dat moon!" said one.

"Oh! my Lawd!" said the other, "what you think gwine happen."

A north Third street gentleman who was passing, and who is something of a wag, stepped up to the colored women and offered an explanation.

"Ladies," said he in his most Chesterfieldian way, "that moon looks like a bad omen. There is grave doubt among scientists as to its meaning. It is contended by some that it is the fulfillment of the scripture, which says 'The sun shall be turned into darkness, and the moon into blood, before the great and notable day of the Lord.'"

Here the women groaned.

"On the other hand," said the gentleman in his most suave and courtly manner, "Pastor Russell of the Brooklyn Tabernacle, probably the best informed religious man in the country, in a recent sermon published in the Times-Union, maintains that the end will not come until October 1914. However, it is well to be ready."

Here changing his attitude and speaking direct he asked: "Are you wash-ladies Methodists or Baptists?"

"We is Baptists," they replied in trembling tones as if overcome with fear.

"Then," said the gentleman, "I would advise you to go directly to your church and prepare yourself."

They started, then as if they had forgotten something, turned and called back: "Say mister, is you prepared?"

James T. McGrady Passes Away

James T. McGrady one of the old settlers of the Fruitland peninsula, residing near Denver, died last Monday night after a long illness. Mr. McGrady had some internal trouble and about one month ago was taken to the Railroad Hotel at St. Augustine, where he was operated upon by Dr. Worley.

He seemed to improve slowly but steadily from the time of the operation, and it was generally believed that he would get well. He returned to his home about ten days ago, after which the would begin to give him trouble.

Mr. McGrady came to Putnam county with his father, the late O. C. McGrady in the 70's and was one of the best known citizens of the peninsula. He is the eldest of three brothers. Besides a wife he is survived by several children.

The funeral occurred on Tuesday and the interment was in Eden Cemetery, Crescent City. In the absence of his pastor, Rev. John H. Davis of the Methodist church, the funeral was conducted by Mr. Parrott.

Will Help in the Upbuild

List & Hubbard, real estate dealers and modern promoters, have opened an office in the Crill building on Second street.

These young men, who have all the rush and enterprise and breezy mannerisms of the west, have located here permanently as real estate brokers. They will handle this end of the El Mirado Farm Colony, the great tract of land running from Bowstick to Harlem, and which was purchased last year by Mr. E. A. Benson, the Omaha capitalist.

Some of the land is the very best in Florida. It is only the best lands that will be sold, and these in no smaller than a 40-acre tract to one man.

Messrs. List & Hubbard will also handle city and county property for sale or lease, bringing together the man who wants to buy and the man who wants to sell. They have agencies in the north who will organize excursions of prospective Florida settlers in Ohio, Michigan and Illinois, and these excursion parties will be headed direct for Palatka where List & Hubbard are expected to do the rest.

They had a party of eighteen here yesterday who wanted to see Hastings, and the new firm took 'em over in automobiles and talked Florida hard and proper, and selling agency.

List & Hubbard, Palatka's new real estate firm, is going to prove an important factor in the from-now-on development of Putnam county. Get acquainted with them.

Bridge Earnings.

The traffic bridge over the St. Johns river at Palatka earned \$424.75 during three months of July, August and September, divided as follows: July, \$159.40; August, \$140.50; September, \$124.85.

TORPID LIVER.

The office of the liver is to extract from the blood those impurities which constitute bile, and to create the gastric juice which perfects the digestion of food.

When inactive, it becomes torpid and produces sallow complexion, sick headache, constipation, loss of appetite and indigestion.

DILLINGHAM'S PLANT JUICE will arouse the liver to healthy activity, move the bowels gently and without griping, and tone up the digestive organs.

LAW OF WARS.

The Code Now In Use Among All the Civilized Nations.

The "laws of war" as at present formulated by the civilized nations forbid the use of poison against an enemy; murder by treachery, as, for example, assuming the uniform or displaying the flag of a foe; the murder of those who have surrendered, whether upon conditions or at discretion; declarations that no quarter will be given to an enemy; the use of such arms or projectiles as will cause unnecessary pain or suffering to an enemy; the abuse of a flag of truce to gain information concerning an enemy's positions; all unnecessary destruction of property, whether public or private.

They also declare that only fortified places shall be besieged; open cities or villages not to be subject to siege or bombardment; that public buildings of whatever character, whether belonging to church or state, shall be spared; that plundering by private soldiers or their officers shall be considered inadmissible; that prisoners shall be treated with common humanity; that the personal effects and private property of prisoners, except their arms and ammunition, shall be respected; that the population of an enemy's country shall be considered exempt from participation in the war, unless by hostile acts they provoke the ill will of the enemy.

Personal and family honor and the religious convictions of an invaded people must be respected by the invaders and all pillage by regular troops or their followers strictly forbidden.—New York Herald.

KEEPING TAP ON THE CROPS

The Way the Agricultural Department Gets Its Information.

The details of the comprehensive system employed by the department of agriculture in gathering the crop information from all over the country are interesting. There are 30,000 township correspondents scattered all over the Union, whose duty it is to go carefully over the territory and submit each month concrete information as to the condition of all kinds of crops. In addition to this branch, 3,000 "county correspondents" send in separate reports from those of the township men.

A state agent makes a further report direct from his agents, and an organization in direct communication with the department, comprising seventeen traveling "field agents," go about the country and make separate reports for groups of states. Special cotton correspondents are also employed to furnish accurate information concerning the cotton yield. Five different reports are sent to Washington each month by this safeguarded government crop reports for accuracy in local crop reports and keeps the great crop account and cost estimates for the millions of American farmers. These records are sent to the agricultural department. Officials of the bureau of statistics and board go over all the five reports from five distinct groups of correspondents, and from all the figures a crop report estimate is distributed to 70,000 post-offices throughout the country every month.—National Magazine.

Why She Cried.

Fond Mother—What are you crying for, Dora? Dora—We are playing at weddings, and Reggie threw rice all over me. Mother—Oh, you mustn't cry for that, darling—it's done to bring good luck to the bride! Dora—But it was rice pudding, mother!
